Disadvantage of Lacking Land System

Life Before Flexi Cadastre

- Loosing of mineral properties through mismanagement.
- Time Consumption in retrieving information when required.
- Difficult in tracking of Obligations to partners and government authority and the vice verse.
- Difficult in adhering Compliance to laws and regulation.
- Audit problems.

Advantage of Flexi Cadastre

Life After Flexi Cadastre

- Highly reduced/No mineral properties are lost through mismanagement.
- Capacity to supply periodic and add hoc reports to management for decision making.
- Good track of Obligations to partners and government authority and the vice verse.
- Help to adhere Compliance to laws and regulation.
- Easy and quick to Audit.
