Powered by Bing

**Mining - Cadastre - Registry - Crown - State Land**

# Mining

Ensuring compliance, land access and security of tenure is fundamental to a mining or exploration company.

Global Standard

Multiple Countries

Single Country

# Oil & Gas

Efficiently manage and meet critical onshore and offshore regulatory responsibilities.

*"The team is very excited about the successful implementation of Landfolio across our business." Project Manager, Origin Energy Australia.*

# Forestry

Managing land records and the non-timber revenue generating activities on the timberlands.

*“Customer support and usability make Landfolio easy to implement and use.” Land Manager, Rayonier Canada.*

# Renewable Energy

Landfolio assists renewable energy companies by ensuring all regulatory and partner obligations are met.

*“Landfolio is helping us manage our obligations and to make informed business decisions.” Project Manager, Seriti Green, South Africa.*
