The Holy Grail - FogBugz

The screenshot shows a FogBugz interface with a top navigation bar containing 'FogBugz', 'Kiln', and user options like 'Admin', 'My Settings', 'Extras', 'Help', and 'Log Off'. Below this is a search bar and a 'Working On' / 'Starred' filter. The main content area displays a bug report for case 11690, titled 'Unable to display the Map References page in the NLW on previous version...'. The bug is marked as 'Closed (Fixed)'. The left sidebar includes sections for 'Priority' (3 - Must Fix), 'Release Notes' (Add Release Note), 'Attachments' (2012-01-06b01.jpg), and an 'RSS Feed' link. The main text area contains a history of updates: 'Closed by BA 10/01/2012 15:30', 'Resolved (Fixed) and assigned to BA by BA 10/01/2012 15:30', 'Edited by BA 10/01/2012 15:29' (with a description of the original bug and a fix), and another 'Edited by BA 10/01/2012 15:28' (revising the previous entry).
