

Landfolio eSuite

Landfolio User Conference 2025
Toby Mills

What is Landfolio eSuite?

A man in a dark suit is shown in profile, sitting at a desk and looking at a large computer monitor. The monitor displays a detailed map of a country, likely Indonesia, with various regions and boundaries highlighted in blue and green. The man's hands are on a keyboard. The background is a bright window with a view of a city skyline.

Department of Mines

The Department of Mines (DOM) is an organisation under the Ministry of Minerals and Energy (MME). Its mission is to provide efficient and effective administrative services for mineral prospecting and exploitation in a sustainable manner in partnership with stakeholders. The department's main office is in the capital city, Gaborone and it has one regional office located in Francistown. DOM's organisational structure is made of five segments to ensure the mineral resource sector and all relevant stakeholders receive efficient excellent service.

These segments are:

- Prospecting Licensing Division
- Operations and Development Division
- Geomatics Section
- Inspectorate Division
- Cooperate Service Division

Prospecting Licensing Division

The Prospecting Licensing Division is responsible for issuance and monitoring compliance with all the relevant legislation pertaining to all prospecting and exploration licences and operations. The division plays a key role in ensuring that value addition on existing and known geological information is achieved in a sustainable manner by the mineral resource companies as thus increasing the attractiveness of Botswana as a destination of choice for mineral resource companies.

The division consists of the following operation areas:

- Prospecting Licensing
- Exploration Licensing

Operations and Development Division

The Operations and Development Division is responsible for issuance of minerals permits, mining and retention licences and monitoring compliance with all the relevant legislation pertaining to all mining operations. The division plays a critical role in building the country's economy while ensuring that mineral resources are exploited in a sustainable manner.

The division consists of the following operational areas:

- Mining Licensing
- Minerals Economics

Geomatics Section

The Geomatics Section is responsible for maintaining DOM's Mineral Concessions Geodatabase to ensure that customers have access to reliable and accurate information. In addition, the geomatics section manages mine survey records.

The section consists of the following operational areas:

- GIS
- Surveys & Mapping

Inspectorate Division

Welcome to the Angola Mining Cadastre Portal

The Mining Registry Portal offers an electronic platform that allows interested parties in the mining sector in Angola to interact directly with the regulatory body, the Angolan National Mineral Resources Agency. This Portal was developed with the aim of ensuring international standards of transparency, promoting the improvement of conditions for doing business in the country.

Through the [Registration Map](#), you can view all existing licenses, their basic details, and search for titles, permits or companies.

The Portal is available for registration of license holders and the general public. After registration, users will be able to:

- View your license portfolio
- Submit periodic reports
- Manage your current mining rights obligations
- Submit requests for new licenses, guides and certificates
- Request services related to mining rights

Register now to access and manage your licenses and obligations in a practical and efficient way!

How to submit a license application

Welcome

Bem-vindo ao Portal do Cadastro Mineiro de Angola

O Portal do Cadastro Mineiro oferece uma plataforma electrónica que permite às partes interessadas no sector mineiro em Angola interagir directamente com o órgão regulador, a Agência Nacional de Recursos Minerais de Angola. Este Portal foi desenvolvido com o objectivo de assegurar padrões internacionais de transparência, promovendo a melhoria das condições para a realização de negócios no país.

Através do [Mapa do Cadastro](#), pode visualizar todas as licenças existentes, os seus detalhes básicos, e pesquisar títulos, alvarás ou empresas.

O Portal encontra-se disponível para o registo de titulares de licenças e público em geral. Após o registo, os utilizadores poderão:

- Visualizar o seu portfólio de licenças
- Submeter relatórios periódicos
- Gerir as obrigações dos seus direitos mineiros actuais
- Submeter pedidos de novas licenças, guias e certificados
- Solicitar serviços relativos aos direitos mineiros

Registe-se agora para aceder e gerir as suas licenças e obrigações de forma prática e eficiente!

Bem-vindo

Welcome to Tanzania's Mining Cadastre Portal

Welcome to the Online Mining Cadastre Transactional Portal of the United Republic of Tanzania. The goal of this portal is to provide an electronic platform for all stakeholders in the mining sector in Tanzania to engage directly with the Mining Commission.

The Portal is open for the registration of holders of valid Licences under Division A, B, licence C and D. Once registered, users can view their portfolio of licences, submit reports, and update their personal and company contact details. Registered users will be notified when they can apply for new tenements, undertake renewals, extensions, relinquishments and surrenders, as well as make online payments.

To use the portal, you are first required to register in person through Head Office (for Division A and B Licences) and at Resident Mines Offices for Division C and D Licences. You can find out more about the process by clicking the appropriate links in the menu. The video below describes the registration process.

Welcome

Karibu kwenye Mfumo wa Usajili wa Madini wa Tanzania

Karibu kwenye Mfumo wa Kielektroniki wa Usajili wa Leseni za Madini wa Jamhuri ya Muungano wa Tanzania. Lengo la mfumo huu ni kutoa jukwaa la kielektroniki kwa wadau wote wa sekta ya madini nchini Tanzania ili kushirikiana moja kwa moja na Tume ya Madini.

Mfumo huu upo wazi kwa usajili wa wamiliki wa leseni halali chini ya Sehemu A, B, C, na D. Baada ya kusajiliwa, watumiaji wanaweza kuona orodha ya leseni zao, kuwasilisha ripoti, na kusasisha maelezo yao binafsi pamoja na maelezo ya kampuni zao. Watumiaji waliosajiliwa watapokea taarifa kuhusu fursa ya kutuma maombi ya leseni mpya, kufanya upya, kuongeza muda, kuachia sehemu ya leseni au kujiondoa kabisa, pamoja na kufanya malipo mtandaoni.

Ili kutumia mfumo huu, unahitajika kwanza kujisajili binafsi kupitia Ofisi Kuu (kwa leseni za Sehemu A na B) na kupitia Ofisi za Madini za Kanda kwa leseni za Sehemu C na D. Unaweza kupata maelezo zaidi kuhusu mchakato huu kwa kubofya viungo vinavyofaa kwenye menyu. Video iliyo hapa chini inaeleza hatua za usajili

Jisajili Sasa

Tayari umejisajili? Ingia ili kuendelea

Karibu

Welcome to the Botswana Mining Cadastre Portal

Your gateway to all mineral tenure services in Botswana

Botswana's Mining Cadastre Portal provides an electronic platform to enable stakeholders in the mineral sector to engage directly with the Botswana Ministry of Minerals and Energy (MME).

The [Map Portal](#) displays an interactive map where the public can view and search all of Botswana's mineral concessions.

Registered Users are able to:

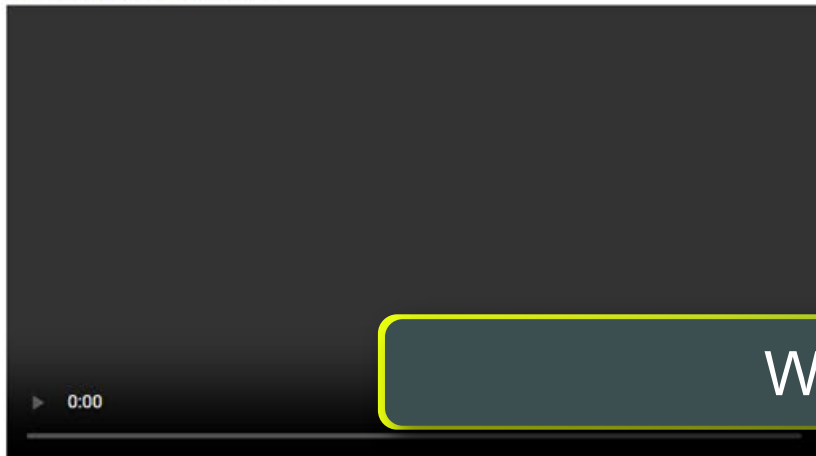

- View the details and obligations of their existing Mineral Tenure and Explosives Services
- Submit applications for new licences and permits
- Submit applications for Renewal of existing licences and permits
- Submit payments and reports, mineral discovery and mine closure notifications
- Request for Licence Ownership Transfer, Relinquishment (Area), Extension (Area), Surrender and Work Program Amendments
- Request Inspection Services

Registration for Access to the Mining Cadastre Portal:

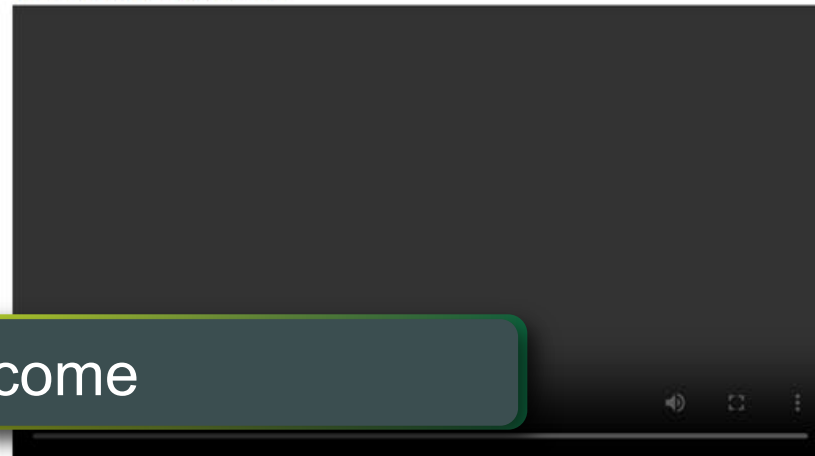

To manage your licences through the portal you are required to register as a portal user. This can be done by clicking the Register button and following the prompts.

Please [click here](#) to register as a Portal User.

How to Register on the Portal:

License Applications

Mineral Concession Licences

[Browse All](#)

Prospecting Licence

In order to search for minerals and determine their extent and economic value, apply for a Prospecting Licence (Section 13 - Mines and Minerals Act), CAP 66:01 This concession is the initial stage for winning of the minerals.

[Apply Now](#)

Exploration Licence

In order to search for commercially feasible deposits for the extraction of petroleum apply for an Exploration Licence (Section 18 - Petroleum (Exploration and Development) Act), CAP 65:03.

[Apply Now](#)

Mining Licence

Large scale mining of minerals including diamonds for an area exceeding 0.5 kmsq. This licence involves mining and processing of more than 50 000 tonnes of raw ore per annum and in which the overall investment in fixed assets exceed P million (Section 37 - Mines and Minerals Act), CAP 66:01. The applicant of a Mining Licence should be in possession of either a Prospecting Licence, Retention Licence or Waiver.

[Apply Now](#)

Miscellaneous Licences and Permits

[Browse All](#)

Semi-Precious Stones Dealer Licence

The service is to issue Semi-Precious Stone Dealer's Licence which allows citizens, non-citizens or businesses to purchase and sell semi-precious stones for the purposes of trade. The licence is issued to a Dealer, or a mining right holder in terms of Section 27 - Precious and Semi-Precious Stones Act, CAP 66:01.

Unwrought Precious Metals Permit

This is a permission to possess unwrought precious metals especially by jewellery manufacture or repairer who is not a Dealer.

Import of Semi-Precious Stones

This is a permit that allows for importation of semi-precious stones by a holder of a Semi Precious Stones Dealers Licence. The stones being imported should be listed on the Semi-Precious Stones Import Permit.
