# Gestion de Recursos Naturales

*... Un enfoque más integrado y global de la gestión de los recursos naturales, que abarca la cadena de valor las industrias extractivas (**El Value Chain**) e incluye todas las fases y los impactos de la extracción de recursos.-- World Bank*

# Qué es un Catastro Minero?

---

## Concesión de Títulos Mineros

- ❑ Es la institución pública principal que se maneja títulos mineros en el país.
- ❑ Integran los aspectos normativo, institucional y tecnológico de la administración de los derechos minero y
- ❑ constituye la piedra angular de una buena gestión de los recursos minerales de un país.

# Qué es un Catastro Minero?

---

## Institución Pública Principal

- ❑ Gobiernos otorgan exploración minera y los derechos mineros en áreas particulares mediante concesiones, arrendamientos, licencias y acuerdos.
  - ❑ Procedimientos de concesión eficientes y eficaces :
    - Un marco legal y regulatorio claro
    - Responsabilidades institucionales bien definidos
    - Procedimientos transparentes y no discrecionales
-  **flexicadastre** spatial dimension

# Qué es un Catastro Minero?

---

## Procesos de Negocio

Catastro minero sigue los pasos siguientes en la administración de títulos mineros:

- ❑ Captura solicitudes para diversos tipos de Derechos mineros (es decir, la prospección, exploración, desarrollo de minas)
- ❑ Registro de cambios y actualizaciones a los títulos mineros

# Qué es un Catastro Minero?

---

## Procesos de Negocio

Cont...

- ❑ Comprueba las solicitudes de derechos de los posibles superposiciones
- ❑ Apoya a la autoridad otorgante de si una solicitud de derecho es técnicamente admisible o no
- ❑ Apoya cumplimiento- es decir, tasas, impuestos, regalías
- ❑ Apoya a la autoridad que concede cuando los títulos mineros deben ser canceladas

# Principios que Gobiernan los Derecho Mineros

---

- ❑ Típicamente, los recursos minerales pertenecen al Estado.
- ❑ El derecho a explorar y explotar los recursos minerales puede ser transferido
- ❑ El derecho minero otorgado a través de licencia o contrato de arrendamiento son consideran de bienes raíces, pero independientes de la superficie de la tierra o los derechos de propiedad.
- ❑ Los titulares de lo derechos deben cumplir con las condiciones preestablecidas para mantener sus derechos sobre el área.
- ❑ Cuando vence la validez del titulo otorgados, los derechos vuelven al estado.

# Principios que Gobiernan los Derecho Mineros

---

Reglas que deben ser observadas por un catastro minero:

- ❑ Seguridad de la concesión - el derecho de transferir el título a tercero, y el derecho a hipotecar el título para recaudar fondos.
- ❑ Seguro de título - Licencias y derechos minerales no puede ser suspendida o revocada salvo por razones específicas (marco legal)
- ❑ "En primer llegado, primer servido".
- ❑ Subastas - Subasta áreas disponibles cuando los recursos o reservas se han evaluado o deducida dentro de un rango aceptable de probabilidad.

# Principios que Gobiernan los Derecho Mineros

---

## Una talla sirve TODAS?

Una misma talla no sirve para todos y que las circunstancias específicas de cada país debe tenerse en cuenta en el diseño y la administración de catastros mineros

# Principios que Gobiernan los Derecho Mineros

---

## Principios de la Implementación

Debe enfocarse en proteger y garantizar los derechos tanto del Estado y de sus respectivos propietarios.

- Transparencia en la gestión catastral para ambos procedimientos catastrales e información
- Todos los criterios deberán ser objetivos y no están sujetas a la interpretación
- Decisiones no discrecionales

# Desafíos de la Implementación

---

- Voluntad política
- Los intereses creados en los procesos no transparentes
- Cambios regulatorios en curso
- Un gran número de puntos de contacto, incluidos los organismos externos
- Calidad de los datos históricos
- Gestión de los intereses de gran escala y sectores artesanales
- Gestión de los intereses de las empresas locales y extranjeras
- Infraestructura, sobre todo en las ciudades del interior del país
- Atención al Usuario
- Fecha de las próximas elecciones ....

# Tipos de Sistemas de Catastro Minero

---

- **Sistemas basados en Papel**
  - Sólo los registros impresos disponibles con los datos digitales limitados
- **Sistemas Basados GIS (Geographic Information System)**
  - Incluye una aplicación de mapas (ArcGIS, MapInfo, etc) con la base de datos asociada (MS Access, MS Excel, etc)
- **Sistemas Informatizado de Catastro Minero**
  - Integra las leyes pertinentes y los procesos de negocio reguladoras y fuerzas de integridad de los datos
- **Portales Públicos de Catastro Minero**
  - Proporciona acceso en línea a un mapa dinámico de licencia
- **Portales Transaccionales de Catastro Minero**
  - Permite transacciones en línea, es decir nuevas aplicaciones, renovaciones, transferencias, etc

# La Evolución de los Sistemas de Catastro Minero

MS Excel – Only records the tabular information

# Sistemas Informatizado de Catastro Minero

---

## Beneficios:

- ✓ Procesos diseñados de acuerdo con las leyes y reglamentos
  - ✓ Proporciona herramientas para capturar con precisión los datos catastrales
  - ✓ Validación de superposición de los Derechos Mineros en el la solicitud
  - ✓ Reduce los posibles conflictos con las licencias y las áreas restringidas
  - ✓ Notifica y próximas renovaciones y vencimientos
  - ✓ Asegura la auditoría de datos completa
- 
- Resulta en la BUENA GESTION DE DATOS
  - Resulta en la BUENA CALIDAD DE LOS DATOS
  - Permite la Publicación de Datos Correctos en LÍNEA

# Sistemas Informatizado de Catastro Minero

- ✓ Mejora el cumplimiento de las Leyes y Reglamentos Minería
- ✓ Aumenta la confianza de los inversores
- ✓ Maximiza la recaudación de ingresos
- ✓ Transparencia de primer llegado, primer servido principio
- ✓ Reducción significativa del tiempo de procesamiento

**Welcome to Tanzania's Mining Cadastre Portal**

Welcome to the Online Mining Cadastre Transactional Portal of the United Republic of Tanzania. The goal of this portal is to provide an electronic platform for all stakeholders in the mining sector in Tanzania to engage directly with the Ministry of Energy and Minerals.

The Portal is open for the registration of valid Division A and B licence holders, and will soon be extended to Division C and D licence holders. Once registered, users can view their portfolio of licences and update their personal and company contact details. Once new regulations are in place, the Portal will allow registered users to apply for new tenements, undertake renewals, relinquishments and cancellations, as well as make online payments and submit reports.

To use the portal, you are first required to register in person through MEM Head Office. You can find out more about the process as well as download the required forms by clicking the appropriate links in the menu. The video below describes the registration process.

# E-Government Cadastre Portal

## Benefits

- Mejora de la transparencia y de la imagen
- Mayor accesibilidad
- Mayor eficiencia
- Gestión moderna de pagos
- Detiene la degradación de la calidad de datos

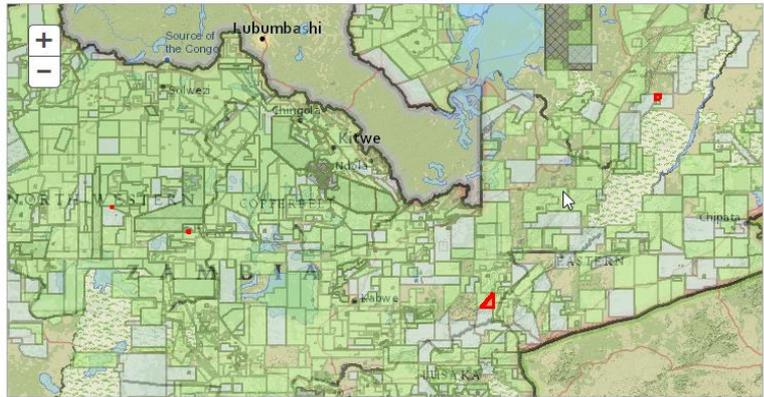

The screenshot displays the Zambia Ministry of Mines, Energy and Water Development Mining Cadastre Portal. The interface includes a navigation menu on the left with sections like Licence Management, Payments, Profile, External Links, and Legal. The main content area features a 'List of Licences' table for Afro Metals Zambia Ltd. and a 'Licence Map' showing a geographical view of the mining area.

# Portal E-Government Combinado con el Portal de Mapas

# Portal de E-Government

---

## Acceso y Seguridad

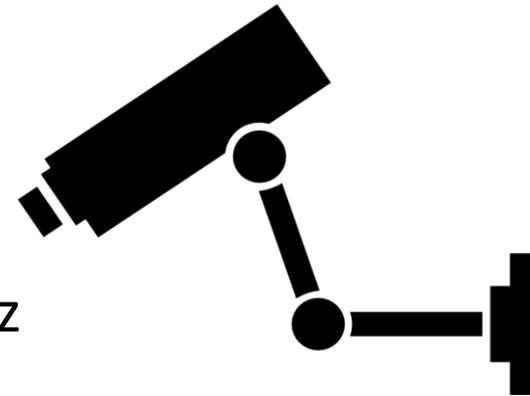

- Los roles separados para los usuarios del portal y gestores de portales quien controlan el acceso a la funcionalidad
- Sistema de gestión de usuario, que se utiliza por los administradores del portal, para registrar, activar / desactivar usuarios y asociarlos con empresas
- Portal de usuario = Flexi persona
- Portal de Empresa = Flexi Empresa

# Portal de E-Government

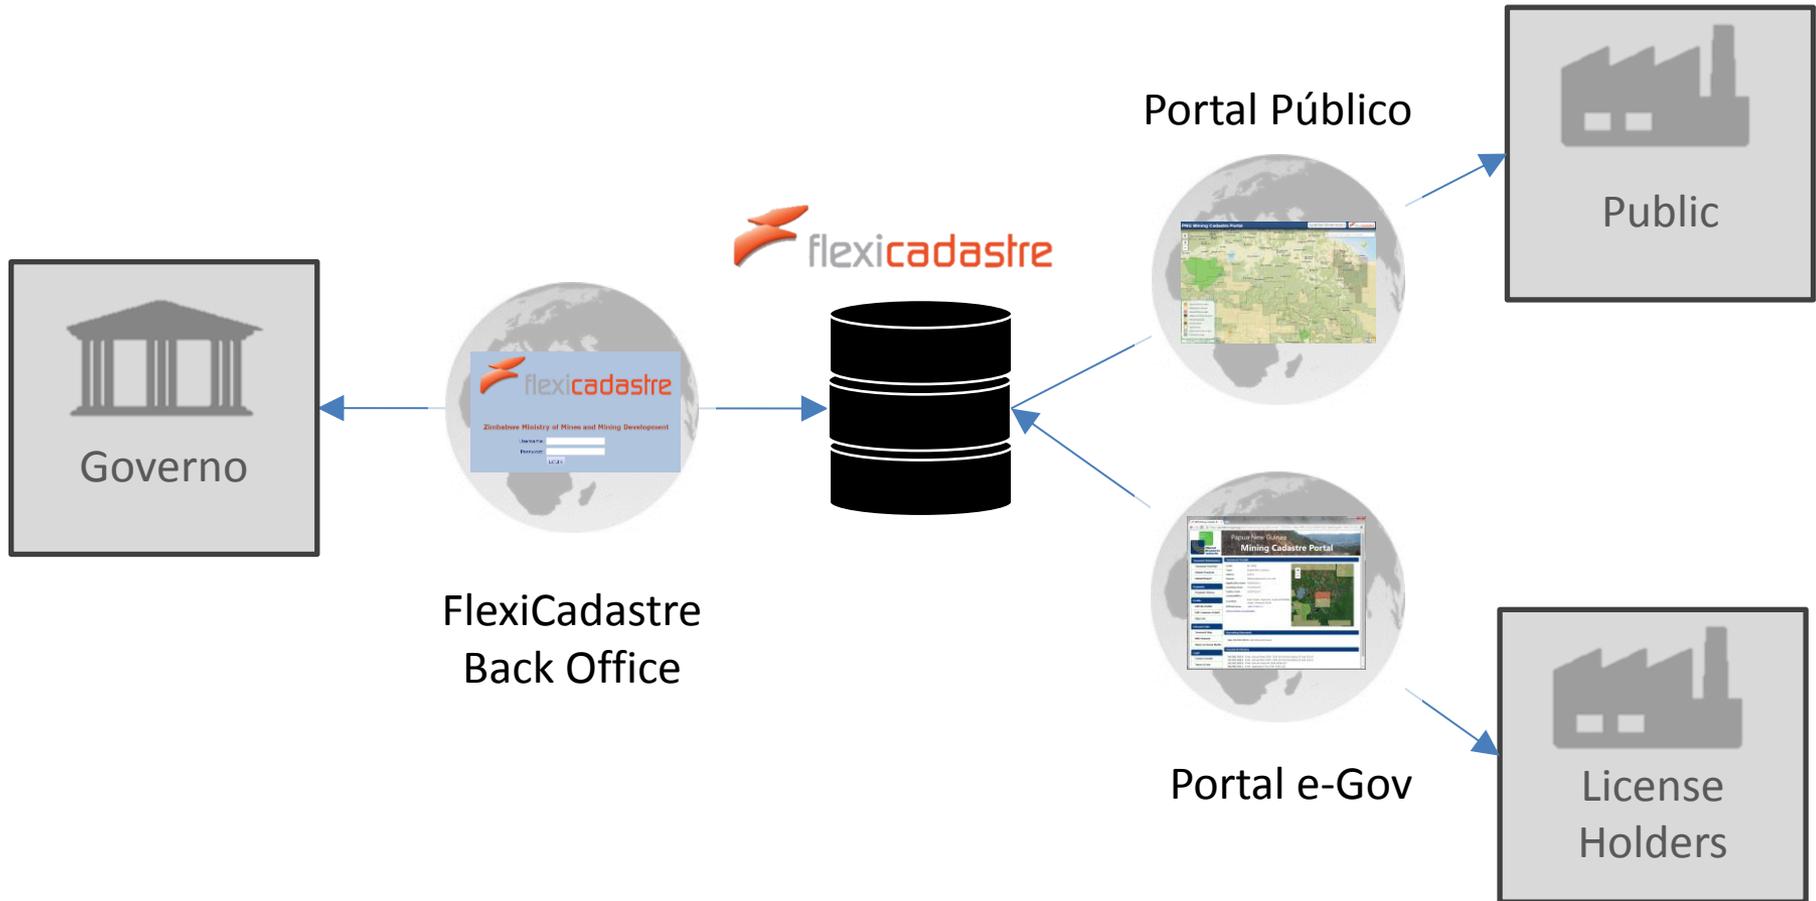

---

## Acceso y Seguridad

- Confianza: Los usuarios siempre definen sus propias contraseñas
- Autenticación secundaria utilizando una sola vez PIN enviado por correo electrónico o SMS
- Notificaciones por correo electrónico por cambios en la cuenta, en caso de olvidó la contraseña, etc.
- Registro de auditoría controla todos los intentos de acceso y los cambios de datos (pagos, aplicaciones, etc.)
- Eventos Flexi grabados en registro de auditoría del FlexiCadastral (Back-office)
- Seguridad SSL soportado

# FlexiCadastre es la Estructura Completa!

# El Sistema Governamental Interno (Back Office)

The screenshot displays the FlexiCadastré administrative interface. The browser address bar shows the URL: `tenement.mra.gov.pg/Staging/FlexiCadastré.htm`. The page title is "Papau New Guinea MRA Staging Site" and the version is "Papau New Guinea MRA Staging Site (5.3.0.03)". The user is logged in as "FlexiCadastré ADMIN (sign out)".

The interface includes a search bar and a navigation menu on the left with the following items: Home, Licenses, Export, Exploration, Small Scale, Mining, Agreements, Actions, Approvals, Maps, Reports, Documents, Companies, People, My Settings, Admin Tools, and Help.

The main content area is divided into several sections:

- License Summary:** A table showing the number of applications in different states for various license types.
- Obligations Summary:** A table showing the number of renewals due, license expiries, payments due, and approvals due for different time periods.
- Reports:** A list of available reports with their names and report types.
- Recently Accessed:** A list of recently accessed records with their types, names, and descriptions.
- I want to...:** A list of actions that can be performed, such as adding new applications or scheduling new actions.

# E-Government Demo

The banner features the Kenyan coat of arms on the left and the Madini Kenya logo on the right. The central text reads "Ministry of Mining Mining Cadastre Portal" over a background image of a mining site.

**Terms of Use Summary**

This Mining Cadastre Portal is provided as a public service by the Ministry of Mining of the Republic of Kenya.

By accessing this system you hereby agree to the Terms and Conditions of the Mining Cadastre Portal.

Access to this Mining Cadastre Portal by any person other than an authorized individual or an authorized agent for a company is strictly prohibited and may result in legal action against such person.

The Mining Cadastre Portal and all of the information it contains are provided "as is" without warranty of any kind, whether express or implied. All implied warranties, including, without limitation, implied warranties of merchantability, fitness for a particular purpose, and non-infringement, are hereby expressly disclaimed.

Under no circumstances will the Kenyan Ministry of Mining or any of its Suppliers be liable to any person or business entity for any direct, indirect, special, incidental, consequential, or other damages based on any use of the Mining Cadastre Portal or any other website to which this site is linked, including, without limitation, any lost profits, business interruption, or loss of programs or information, even if the Kenyan Ministry of Mining or any of its Suppliers has been specifically advised of the possibility of such damages.

During the verification stage, all data within the portal must be considered provisional.

# FlexiCadastre y Portal de E-Government

---

- En general las instituciones
  - Varios sistemas desarrollados con dificultades para la integración
  - Herramientas desactualizadas/obsoletas
  - Dificultades en mejoramientos – equipo especializada
  - Acceso complejo a partir de otras localidades (gobiernos regionales)
  - Dificultad en proveer capacitaciones para usuarios de otras localidades
  - Dificultad en el control de tareas especialmente en lo que refiere a gobiernos regionales

# FlexiCadastre y Portal de E-Government

---

- Ventajas del Desarrollo “in House”:
  - Solución 100% adecuada
- Desventajas
  - Difícil mantenimiento
  - Documentación de sistemas en general deficiente
  - No es el foco/objeto de la empresa el desarrollo de software
  - Retraso tecnológico – costo de seguimiento de nuevas tecnologías
  - Costo de mantención de personal

# FlexiCadastre y Portal de E-Government

---

- **Porque FlexiCadastre:**

- Total integración con el ambiente GIS – Referencia junto a ESRI
- Sistema probado y comprobado en distintos ambientes
- Conocimiento y Experiencia de Spatial Dimension con respecto a la Gestión de Catastros Mineros en Gobiernos
- Conocimiento y Experiencia de Spatial Dimension
  - DISMINUI RIGGOS ASOCIADOS A NUEVOS DESARROLLO
- Sistema en constante evolución: nuevas funcionalidades implementadas compartidas entre los diversos clientes
- Sistema en constante prueba: funcionalidades validadas por centenas de usuarios
